

# Electronic Stability Program – Control Units

from Bosch

OE Quality Electronic Stability Program

Invented for life

**BOSCH**

# Intelligent Safety

Bosch has released 9 new Electronic Stability Program (ESP) – Control Units, all of which are Bosch Original Equipment (OE). These part numbers cover a variety of European applications for Audi and BMW vehicles from 2012-2020.

These ESP units provide:

- ▶ A new product offering for Bosch in the Independent Aftermarket – an exciting addition to a growing portfolio of ADAS and Body Electronics parts
- ▶ 100% Original Equipment Manufacturer (OEM) quality and reliability
- ▶ Easy installation without the need of any additional modifications to the original fitment
- ▶ A direct replacement for the original units, ensuring our customers receive a high-quality part every time
